OCTOBER MEETING AND FELLOWSHIP

Our October 9 meeting was held at David and Melissa Pinter's home. They recently completed a year- long project of completely renovating both upstairs and downstairs of their home. They love to entertain friends and family, and wanted to have the Club. For those who were unable to attend, it is beautiful, and is on the St. Johns River.

With our members and 6 guests, we had 36 people. David invited some of his neighbors who have an interest in "old cars".

The Club furnished the BBQ, and our members brought the sides and desserts. There was so much food, that it was hard to sample all of it.

Thanks again David and Marissa, and also Lee and Michele for their help. Without Lee Leading the way, we would have gotten lost. Also, I'm sure most of the sides and desserts were prepared by our gals, who did a great job. Everything was delicious.

Club, as we focus on 2026, lets all get involved with our meetings and events. I know there are times when you cannot be there. As president, I want to thank you for your support and great attendance, and helping find new members.
